

Bill Houston - Top UK Caricature Artist

Top Tips

Tip#1

Remember, you are the most important couple at your wedding!

Tip#2

You may be too busy to be drawn on the day, to avoid disappointment send me photos beforehand and I'll bring your special drawing on the day... check out our exclusive **Pre-Wedding Caricature Service** click the link below:

Tip#3

If you want me to draw during your wedding breakfast bear these points in mind:

- waiters are very busy at this point and there isn't always room to spare
- guests will be looking down during most of their meal
- some people are uncomfortable being drawn when eating

Tip#4

Remember, not all your guests will want to have a caricature drawn, usually it's around 80%, so try and gauge the time/guests scenario.

Tip#5

Choose the option of me mixing and mingling amongst your guests or if you would prefer me to stay in one spot and have guests come to me.

Tip#6

The area needs to be well lit, therefore if you intend to have soft lighting for your disco, bear this in mind.

Tip#7

When I'm in a seated area guests tend to queue, so you'll need to take this into consideration and ensure enough room is provided to accommodate them.

Tip#8

Most couples choose an appropriate Reception area for best results.

Tip #9

I always provide **FULL BODY** caricatures, let's face it... what woman would say no to a "Jessica Rabbit" type body? This tip **will make sure** your wedding guests are really happy and flattered!

Tip #10

ALWAYS, always, always ensure **your family and special guests are drawn first**, often providing me with a list of "victims" helps. Remember, I'm only present for a limited time... so this is the best way to avoid disappointing your family and special guests.

Tip #11

When the caricatures are completed it's always best to arrange an allocated spot where your guests can collect them at the end of the day, this means they don't to carry them around and will avoid damages or spillages, etc.

Tip #12

Payment is always best to be settled on arrival – please ensure your nominated person ie, your Best Man or Usher makes contact with me at the **beginning of your event**.

For your information:

The caricatures are in black line with grey tones and have a **full cartoon body**. I provide a variety of cartoon body choices ie, a beer in hand, footballer, *Vogue* model body for the ladies. All caricatures are provided with a protective plastic sleeve, paper is 160gm and can have your wedding details printed on the paper at no extra cost (for example, see image above).

Let me help you make your special day stress free so you can relax and enjoy yourself!
